## PRESIDENT'S REPORT

Spring has arrived and is getting warmer, with the fine weather it was great to see a better turnout to our September meeting which enabled us to hold our AGM as planned. The outcome from the AGM was that all positions remain largely unchanged except for Jarrad putting up his hand to fill Miriam's position after other commitments lead to her being unable to attend. We thank Miriam for her efforts and welcome Jarrad to the team.

It came as a surprise to some of those in attendance that there is a rule that no member is to hold the same committee position for longer than three years, this 2018/19 year is the 3rd for 90% of the committee so members need to consider whether they would stand to take up some of those positions next year.

We have a full on October calendar coming up and we need more people to volunteer to help on All OZ day as this is our annual show run by our club and doesn't run smoothly without volunteers.

Whare and Sarah have been busy trying to solve our email issues so we hope that you are now all receiving them, but the new system also means that "big brother" now knows if you've opened your email.

We hope to see you again soon

*Joshua Bentham*

# HOLDEN—THE GREAT HIGHWAY PERFORMER

## *Try the sure-fire way it flattens hills!*

There's a certain quiet satisfaction in flattening a big hill merely by putting your foot down. But behind the wheel of a new Holden it's a delight! Here you're in proud command of a *real* hill-flattener — your choice of Holden's lively 100-hp '149' engine, or the big 115-hp '179'. Lively, remarkably smooth and quiet, too, thanks to a seven-bearing

crankshaft and hydraulic valve-lifters. Whichever engine you choose, on hills and level highways Holden gives you the kind of vivid, velvet-smooth going that melts the miles, especially with famous Red Carpet Ride looking to your personal comfort. Sample the Great Highway Performer's brand of action for yourself—see your Holden\* Dealer soon!

**AUSTRALIA'S OWN CAR.** From £885 plus tax.

Back in a day when teaser campaigns didn't exist and motor shows could offer genuine surprises, Holden stunned gatherers at the 1998 Sydney motor show when it whipped the covers off the Commodore Coupe. The public reaction was such that Holden had little choice but to build it – and just three years later it emerged as the modern-day successor to the 1968 Monaro coupe muscle car.
