Presidents Report

Welcome Back Everyone.

Finally, as a united population we were able to achieve what the rest of the world is still dreaming of. Or we would have if the government agencies had practised what they preached. Still, we are almost back on track again. I hope everyone has come through the lockdown safe and well and looking forward to enjoying their leisure time again.

It was great to have such a large turn out at our first monthly meeting since going into lock down. We even had some prospective new members come and check us out. Hopefully we can continue with similar numbers from now on.

During lockdown committee members suggested we should put together a register of businesses that our members own, or are employed at, so that other members can try and support them. If you think your business would be of interest to other members then bring some information along to the next monthly meeting or contact a committee member.

You may have seen that we are going ahead with All Oz Day. We are now asking for expressions of interest from potential stall holders. If you know of suitable stalls please let them, or us, know as the date will roll around very quickly. As mentioned at the club meetings, we would love to have as many volunteers on the day as we can to enable this event to run as smoothly as possible.

By the time this newsletter is released we will have had our first club run since Lockdown. While it was a memorial run for Leonie, I hope everyone enjoyed it, as we know Leonie always did.

Remember to always try and enjoy yourself, which is easier if you are driving your Holden.

Allan White

COVID-19

It's good to see this global crisis is heading in the right direction for NZ now that we are at Alert level 1. Aside the cases which have recently made it to our shores, the general trend is looking positive but this doesn't mean we can be complacent!

At this stage, the reward for keeping within our bubbles means that we can hold the events we have been planning for the club. You will find the events list at the end of this newsletter has been updated (its chocka) and you can also find the current events listed on the club website (www.holdenclub.co.nz) , Facebook, or your email.

Any events we hold, or are a part of, will follow Government advice including any requirements for contact tracing, or mass gatherings.

Wahoo, we look forward to seeing you at the next club event!

For official NZ Government updates go to: <https://covid19.govt.nz/>

With the retirement of the Holden brand, we would like to hear about your passion for the beloved Holden. Let us know and we may be able to include your story in the next edition of the club newsletter and on our website.
